

Minister of Interior Excellence Award System

ISNR Innovative Ideas Awards

First Edition

2016

1. ISNR Innovative Ideas Awards

Introduction:

In keeping with the Ministry of Interior's keenness to encourage students to achieve scientific innovation, drive further development and reinforce skills of students at the various educational institutions in the UAE, the ISNR Innovative Ideas Awards was introduced as a part of the International Exhibition for Security and National Resilience (ISNR).

Objectives:

- To develop the spirit of creativity, innovation, and invention amongst students to enhance safety and security of society; encourage competitiveness; and invest in the capabilities of future generations.
- To promote partnership with the different educational institutions to support the development and progress of the UAE.
- To highlight, recognize, and encourage the talents of creative, talented and innovative students.

The Scope of the Award:

All students enrolled at the various educational institutions (male & female) in the UAE are eligible to apply for the award, which consists of two categories:

- Higher education
- Secondary education

Conditions of Participation:

- Registration in the award is open according to the regulations for each edition
- Applicants are required to use the special application forms provided online, via the Ministry of Interior's website
- Applicants should be registered in an educational institution in the UAE during the award's edition cycle
- Applicants can participate individually or collectively with other candidates (individual applicants must be UAE citizens; collective applications must not exceed four students, at least one applicant must be a UAE citizen)
- Candidacy applications shall be prepared by the candidates. It is strictly prohibited to resort to a consultancy service.

Events' Timetable:

- 1- Official Launch on 20/01/2016
- 2- Application deadline 29/02/2016
- 3- Assessment and judgment 10/03/2016
